

MANHATTAN AVENUE WALL

PUBLIC INFORMATION SESSION #2

Members of the public are encouraged to attend this meeting to learn about the ongoing Local Concept Development (LCD) study of the Manhattan Avenue Retaining Wall, and the proposed long-term repair plans. Our goal is to keep Union City residents informed and engaged throughout the study, and this meeting will provide you with an opportunity to ask questions about the future project.

The project is being conducted through the North Jersey Transportation Planning Authority (NJTPA) who is committed to addressing public concerns and questions in a timely manner.

Monday
March 25, 2019
7:00 - 8:30 pm

Union City High School
(Performing Arts Theater)
2500 Kennedy Blvd.
Union City, NJ 07087
